THE NEW CAT[®] 320 GX

FEATURES FOR FAST PAYBACK¹

Introducing the 320 GX – our economy model with all the reliability and ease of operation you expect from a Cat[®] excavator, with easy maintenance and lower cost features designed to give you a faster return on your equipment investment.

CAT[®] EXCAVATORS

Cat excavators offer you more choices than ever for your business.

- + MORE MODEL OPTIONS
- + MORE FUEL EFFICIENCY
- + MORE PRICE POINTS

Ready to help you make your business stronger, Cat excavators give you new ways to get the most work done at the lowest cost so you can put more money in your pocket.

¹ Payback period may vary depending on purchase price, interest rates, down payment, fuel consumption, maintenance costs, local rental rates, and other factors as applicable. Talk to your local Cat dealer about estimated payback period.

EASY TO

OPERATE AND MAINTAIN

Trust Caterpillar's time-proven engineering and manufacturing know-how for easy operation and excellent reliability.

- + Stable and responsive design increases jobsite efficiency.
- + Boom, stick, and bucket linkages are built to withstand typical 20-ton work demand, so you can be confident working in a wide variety of applications.
- + Automatic hydraulic oil warm up makes work more efficient and helps prevent premature wear of components, so you get longer service life.
- + Cat undercarriage comes with track pins and bushings grease sealed to enhance performance and service life.

LOWER MAINTENANCE COSTS

INCREASE YOUR PROFIT

UP TO 20%

LOWER MAINTENANCE COSTS

Better filters with extended maintenance intervals mean you will do more work with less downtime and lower cost. In fact, the 320 GX has maintenance-free batteries and a hydraulic oil system that requires no maintenance for 3,000 hours. When you do have to perform maintenance, filters and drains are grouped together to make it quick and easy.

MAKE MANAGING ASSETS EASIER

Cat Link telematics take the complexity out of managing your assets. Product Link™ automatically collects data like maintenance alerts, machine location, and fuel use. You can access the data anytime, anywhere with VisionLink®. Use it to make informed decisions that will simplify maintenance, boost productivity, lower costs, and improve safety and security on your jobsite.

MAINTENANCE INTERVAL IMPROVEMENTS	320 GX	D2 SERIES
	Hours	Hours
Replace Hydraulic Oil Case Drain Filter	No filter needed	Initial 250 + Every 1,000
Replace Hydraulic Oil Pilot Filter	No filter needed	Initial 250 + Every 1,000
Replace Hydraulic Oil Return Filter	Every 3,000	Initial 250 + Every 2,000
Change Swing Drive Oil	Initial 500 + Every 1,000	Initial 250 + Every 1,000
Replace Fuel Filters	Every 1,000	Every 500
Clean Fuel Tank Strainer	When needed	Every 500
Replace Fuel Tank Cap Filter	Every 2,000	Every 1,000

FAST PAYBACK

A new choice to help make your business stronger, the new Cat 320 GX features easy operation and maintenance, plus productivity balanced with low costs for fast payback.

LOW OWNING COSTS

The 320 GX features simplified options for reduced acquisition costs to help you get the most work done at a lower cost. Everything about the 320 GX, like its robust structures, access to components, and widely available parts, is designed to put more money in your pocket.

LOW FUEL CONSUMPTION

Synchronized engine and electrohydraulic systems lower fuel consumption. Smart mode helps you further reduce fuel costs by automatically adapting engine speed for your specific application.

LOW MAINTENANCE COSTS

Extended maintenance intervals, better filters, maintenance-free batteries, and a hydraulic oil system that requires no maintenance for 3,000 hours all contribute to low maintenance costs.

REDUCE FUEL CONSUMPTION BY UP TO 15% ¹

The Cat C4.4 engine and electrohydraulic system work in sync to help you move plenty of material while using less fuel.

WORK SMART. SAVE MONEY.

The Cat 320 GX is equipped with two modes to help manage fuel consumption for your specific applications – Power mode and Smart mode.

Power mode is the traditional setting where you can manually dial engine speed up or down based on your work. Smart mode automatically adapts engine speed for you – up for high productivity and down for lighter loading, resulting in higher operating efficiency.

BUILT-IN SAFETY

LOOK OUT FOR YOUR PEOPLE AND YOUR EQUIPMENT

- + Smooth handrails and anti-skid steps make getting on and off the machine more secure.
- + Daily maintenance checks can be performed with most points accessible from ground level, making the maintenance faster, easier, and safer.
- + The storage box lid is lockable to protect your gear.
- + The cab's wider field of view and available rearview camera enhance jobsite visibility.

1,000 WAYS TO STAY SAFE.

CAB TAKES THE HARD OUT OF WORK

Comfort and movement efficiency help keep operators productive and alert all shift long. The standard seat is wide and adjustable to suit individual operator preferences. The controls, including push-button start, are simple to use and easy to reach, allowing you to operate comfortably with minimal twists and turns.

SMART DESIGN

Operator ID remembers your preferred settings for power mode, joystick pattern, and joystick response. Just plug in your password and go to work. Seat adjustments, touchscreen monitor, and controls are conveniently located to reduce reaching and twisting.

ALL-ROUND VISIBILITY

Large windows and narrow cab pillars enable excellent visibility in all directions from the operator seat. A rearview camera is an available option.

ACCESS, CONNECTIVITY, AND STORAGE

The AM/FM radio includes USB and auxiliary ports for connecting and charging devices; a 24V DC outlet makes phone charging even faster. Storage space in front of the controls can hold a large cup and wide cell phone. Storage behind the seat can hold a large lunchbox and other items.

INCREASE YOUR PRODUCTIVITY AND PROFIT WITH CAT ATTACHMENTS

You can easily expand the performance of your machine by using Cat attachments. Each Cat attachment is designed to fit the weight and horsepower of the Cat excavator for improved performance, safety, and stability.

When you buy Cat equipment, you're getting so much more than the machine. You're also getting the support of a best-in-class dealer network backed by a range of flexible solutions, technology, tools, and more. It's all about support that's built around your success.

GET MORE THAN A MACHINE

- + Customer Value Agreements (CVA)
- + Cost-saving service and repair options
- + Quality parts and precision components
- + Financing solutions
- + Rental and used equipment

VALUE MADE EASY

A Cat Customer Value Agreement (CVA) starts with hassle-free maintenance featuring genuine Cat parts right on schedule. Security of expert dealer support through an Equipment Protection Plan (EPP) can be included to minimize surprise costs on covered repairs. Equipment Health Management provides you with machine alerts and information, as well as inspections and fluid health monitoring to give you more peace of mind. Hassle-free ownership simply means all elements of your CVA are part of one agreement that can be included in your monthly machine payment.
